

PowerApps Prompts

Tuesday, July 16, 2024

11:53 AM

1	I want an app to collect information about Conference Session Proposals. The records should include the Session Title, the Speaker's Name, the Speaker's E-Mail, and a Sessionize URL.
2	Add a choice column for Session Level: Intro, Intermediate, Advanced
3	Add a choice column for Suggested Track: Developer, Admin, Analytics, Professional Development
New Session Edit:	Session Title: Pilot to Copilot Speaker's Name: Eric Flamm Speaker's Email: eric.flamm+AZ@gmail.com Sessionize URL: https://sessionize.com/s/eric-m--flamm/pilot-to-copilots-getting-started-with-copilot-in-/100165 Session Level: Intro Suggested Track: Developer
	Make.powerpages.microsoft.com
Prompt	Create a website call Conference Management
	Accept the proposed layout
	Add the Speakers Page
	Add a form to display Proposed Session items
	Add another web page
	Choose Card Gallery
Prompt	Create a new page to display a card gallery From < https://make.powerpages.microsoft.com/e/70bedd2d-a54c-e2b0-89a1-1ce4323cf71a/sites/ed3d8b21-5724-49a1-adc6-7aab339f75f5/pages#webpages/b86e7726-5e23-9cec-8469-1511464930a6 >
